

Internal Detail Models

Models with internal detail are often used to create more interest in a simple external detail model. Internal components can be modelled on actual equipment, or, in case of security issues, generic equipment. Internal detail can be built into models at almost any scale from full sized to 1:50 scale.

1:4 Scale LCTS 90mm Turret

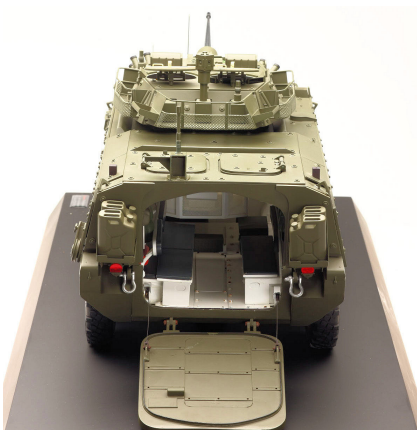

1:4 Scale LCTS 90mm Turret:
ammunition compartment

1:4 Scale LCTS 90mm Turret:
Commander station

1:4 Scale LCTS 90mm Turret:
Ammunition loading system

Opposite: 1:10 scale LAV model
with full internal detail including
turret
